Residential Capital LLC
Chapter 11 - Bankruptcy

Dear Sirs:

I do believe I am a debtor to L.M.C. Mortgage Co. I would like to pursue my Loan (Mortgage) from LMAC.

In a rush to feed at the trough of easy mortgages money, they pushed my deaf husband into a predatory loan. The employee staked him into "the Hustle Program".

Quining Employers to churn out preferred loans to make more money for them from "Elderly Persons". Move them fast as possible just before the housing market collapse. Lock them in!!

The fraudulent conduct in my complaint is: they were and have continued a Spectacular Brogen account at "LMAC Mortgage Company". "Some One Needs to go to prison at the Company."

They enjoy a huge profit. How ever that profit is built on fraud and the backs of Elderly and Poor People.

LMAC has continued to deny me a lower loan rate and snubb their nose at the Courts and the law.

So can you help in my case? I know I have been wronged and Freddie

mac is the Guarantor of my loan.
They only give lip service to my pleas
also. Talk a good game but no
bite!!

Thank You for reading my letter!

Sincerely
Bernice Jandrasek
